

76. (New) The method according to Claim 74, wherein said medium is water or air.--

REMARKS

Applicants present the following claims 37 to 76 in the place of originally filed claims 1-36 with a view towards removing multiple dependency issues and generally reducing the overall number of claims, addressing certain claim drafting informalities and not with a view towards narrowing the scope of any claims. In making such changes, Applicants reserve the right to later present any subject matter which may have been cancelled by those changes.

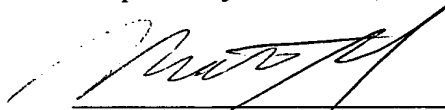

In accordance with 37 C.F.R. § 1.121, the required clean copy of the amended claims is provided by way of the accompanying Claim Sheet.

CONCLUSION

Applicant respectfully submits that the claims as presented are in condition for allowance. Favorable consideration and prompt allowance of this application are respectfully requested.

Early and favorable action is earnestly solicited.

Respectfully submitted,
